ASRAR MAKNOJIYA

FULL STACK DEVELOPER

+91 8625829857   Rajosana,Gujarat   asrarmaknojiya.vercel.app   asrarjabir786@gmail.com

ABOUT ME

Motivated and hands-on Full Stack Developer with a strong foundation in both frontend and backend technologies. Currently gaining practical experience as an intern at Valudas Tech Park, Chhapi. Played a key role in developing a full-featured e-commerce web platform using React.js, Node.js, Express.js, and MySQL. Focused on delivering clean interfaces, reliable APIs, and secure integrations always striving to stay updated with the latest trends in modern web development.

EDUCATION

GOKUL GLOBAL UNIVERSITY   July 2024 - Expected May 2027

bachelors of science in information technology

SKILL

- **Languages & Markup :** HTML, CSS, JavaScript
- **Front-end :** React.js, Responsive Design, Tailwind CSS
- **Database :** MySQL Back-end: Node.js, Express.js
- **Version Control :** Git, GitHub Other Tools: Postman, VCode

WORK EXPERIENCE

Valuda's Technology Park | Chhapi - INTERN   **June 2025- PRESENT**

- in building a full-scale e-commerce platform (ZepX) from ground up.
- Created and tested RESTful APIs with Express.js for smooth data flow.
- Linked frontend and backend securely, ensuring proper authentication.
- Designed dynamic user interfaces using React.js with efficient state handling.
- Structured and optimized MySQL queries to manage product and user data.
- Introduced to security concepts essential for protecting web applications.

PROJECTS

ZepX E-commerce Web Application
Developed a feature-rich e-commerce website during internship using React.js, Node.js, Express, and MySQL. Included product browsing, cart management, admin panel for inventory control, and database connection. Emphasized on responsive design, seamless navigation, and backend performance.
